California regulations require every handgun purchaser to pass a written test before they can buy a handgun. This test must be taken every 5 years in order to make a purchase. The test can be taken at any gun shop including ours. In addition to this 30 question test you will have to demonstrate that you have a basic understanding of the operation of the exact firearm you are buying. This is called a Hands On Demo (HOD) and will be done at time of purchase.
